

The Main Procurement Plan in fiscal 2026

*Plan details (specifications, quantity, due construction period, etc.) may be changed or plans may be discontinued.
At the time of the opening, the procurement procedures including contract formation may have been completed.

[Transmission materials and equipment]

NO	Article designation	Specification	Q'ty	Unit
1	Main unit of PFP tube		70,000	m
2	U-PFP pipe		18,000	m
3	Steel tower	AG steel tower	1,826	t
4	Steel tower	MC steel tower	3,786	t
5	Steel tower	Materials required for modification of AG steel tower	236	t
6	Steel tower	Materials required for modification of MC steel tower	115	t
7	500kV Suspension unit	Single, double, V-suspension	111	String
8	500kV Suspension unit	Single (regular suspension, reverse suspension), double (regular suspension, reverse suspension)	318	String
9	500kV Suspension unit	Single, double, V-suspension	81	String
10	275kV Tension unit	Single (regular suspension, reverse suspension), double (regular suspension, reverse suspension)	348	String
11	154kV or less, suspension unit	Single, double, V-suspension	720	String
12	154kV or less, tension unit	Single (regular suspension, reverse suspension), double (regular suspension, reverse suspension)	4,484	String
13	Earth-wire fixture	500kV Suspension unit	49	String
14	Earth-wire fixture	500kV Tension unit	178	String
15	Earth-wire fixture	275kV Suspension unit	14	String
16	Earth-wire fixture	275kV Tension unit	67	String
17	Earth-wire fixture	154kV or less, suspension unit	116	String
18	Earth-wire fixture	154kV or less, tension unit	467	String
19	Clevis type suspension insulator	φ250 120kN	13,674	Piece
20	Ball socket type suspension insulator	φ250 165kN	3,528	Piece
21	Ball socket type suspension insulator	φ280 210kN	6,686	Piece
22	Ball socket type suspension insulator	φ320 330kN	12,824	Piece
23	Ball socket type suspension insulator	φ340 420kN	126	Piece
24	Ball socket type salt resisting suspension insulator	φ250 165kN	6,819	Piece
25	Ball socket type salt resisting suspension insulator	φ320 210kN	504	Piece
26	Long rod insulator/long rod support insulator		98	Piece
27	Wire, overhead earth-wire	AC (size: 55, anti-snow measure: required)	4,420	m
28	Wire, overhead earth-wire	AC (size: 55, anti-snow measure: not required)	4,120	m
29	Wire, overhead earth-wire	AC (size: 70, anti-snow measure: required)	3,000	m
30	Wire, overhead earth-wire	ACSR/AC (size: 160, anti-snow measure: required)	30,600	m
31	Wire, overhead earth-wire	ACSR/AC (size: 160, anti-snow measure: not required)	53,100	m
32	Wire, overhead earth-wire	ACSR/AC (size: 240, anti-snow measure: required)	32,800	m
33	Wire, overhead earth-wire	ACSR/AC (size: 330, anti-snow measure: required)	64,530	m
34	Wire, overhead earth-wire	ACSR/AC (size: 330, anti-snow measure: not required)	31,330	m
35	Wire, overhead earth-wire	ACSR/AC (size: 410, anti-snow measure: not required)	54,040	m
36	Wire, overhead earth-wire	ACSR/AC (size: 520, anti-snow measure: not required)	10,140	m
37	Wire, overhead earth-wire	HDCC(size: 55 anti-snow measure: not required)	690	m
38	Wire, overhead earth-wire	HDCC(size: 100 anti-snow measure: required)	600	m
39	Wire, overhead earth-wire	TACSR/AC (size: 330, anti-snow measure: required)	11,800	m
40	Wire, overhead earth-wire	TACSR/AC (size: 330, anti-snow measure: not required)	100	m
41	77 kV Power cable	CVSS 400 mm ²	12,720	m
42	77 kV Power cable	CVSS 600 mm ²	5,660	m
43	77 kV Power cable	CVSS 2000 mm ²	275,400	m
44	77 kV Power cable	CVTSS 100 mm ²	9,380	m
45	77 kV Power cable	CVTSS 150 mm ²	11,100	m
46	77 kV Power cable	CVTSS 200 mm ²	13,020	m
47	77 kV Power cable	CVTSS 250 mm ²	11,770	m
48	77 kV Power cable	CVTSS 400 mm ²	36,560	m
49	77 kV Power cable accessory	Terminating joint box EBA	86	Unit
50	77 kV Power cable accessory	Terminating joint box EBG	34	Unit
51	77 kV Power cable accessory	Terminating joint box EBGs	30	Unit
52	77 kV Power cable accessory	Intermediate joint box	278	Unit
53	22 kV Power cable	CVTSS 250 mm ²	155	m
54	22 kV Power cable	CVTSS 400 mm ²	680	m
55	22 kV Power cable accessory	Terminating joint box EBA	36	Unit
56	22 kV Power cable accessory	Intermediate joint box	54	Unit
